1

What is a home warranty? A home warranty is a renewable service contract offering protection for a home's major systems and appliances. First American offers protection to homebuyers, sellers, and current homeowners.

A home warranty can protect home sellers from costs and delays during the listing period as well as protect homebuyers from costly breakdowns after closing.

2

Do I need a home warranty? Home warranty coverage is the best way to protect your budget against expensive home system and appliance failures. A home warranty can also take the stress and hassle out of repairing or replacing home systems and appliances when they break down.

3

What are the benefits? With a First American home warranty, when a covered system or appliance fails, if we can't repair it, we'll replace it.* We have a network of independent pre-screened service providers and technicians and we are committed to providing you with outstanding service and value.

4

What's covered? See page 8 for a sample contract of our product designed for homebuyers and sellers, showing coverage and options available. It is important to understand what is and isn't covered in your specific plan, as well as coverage limitations.

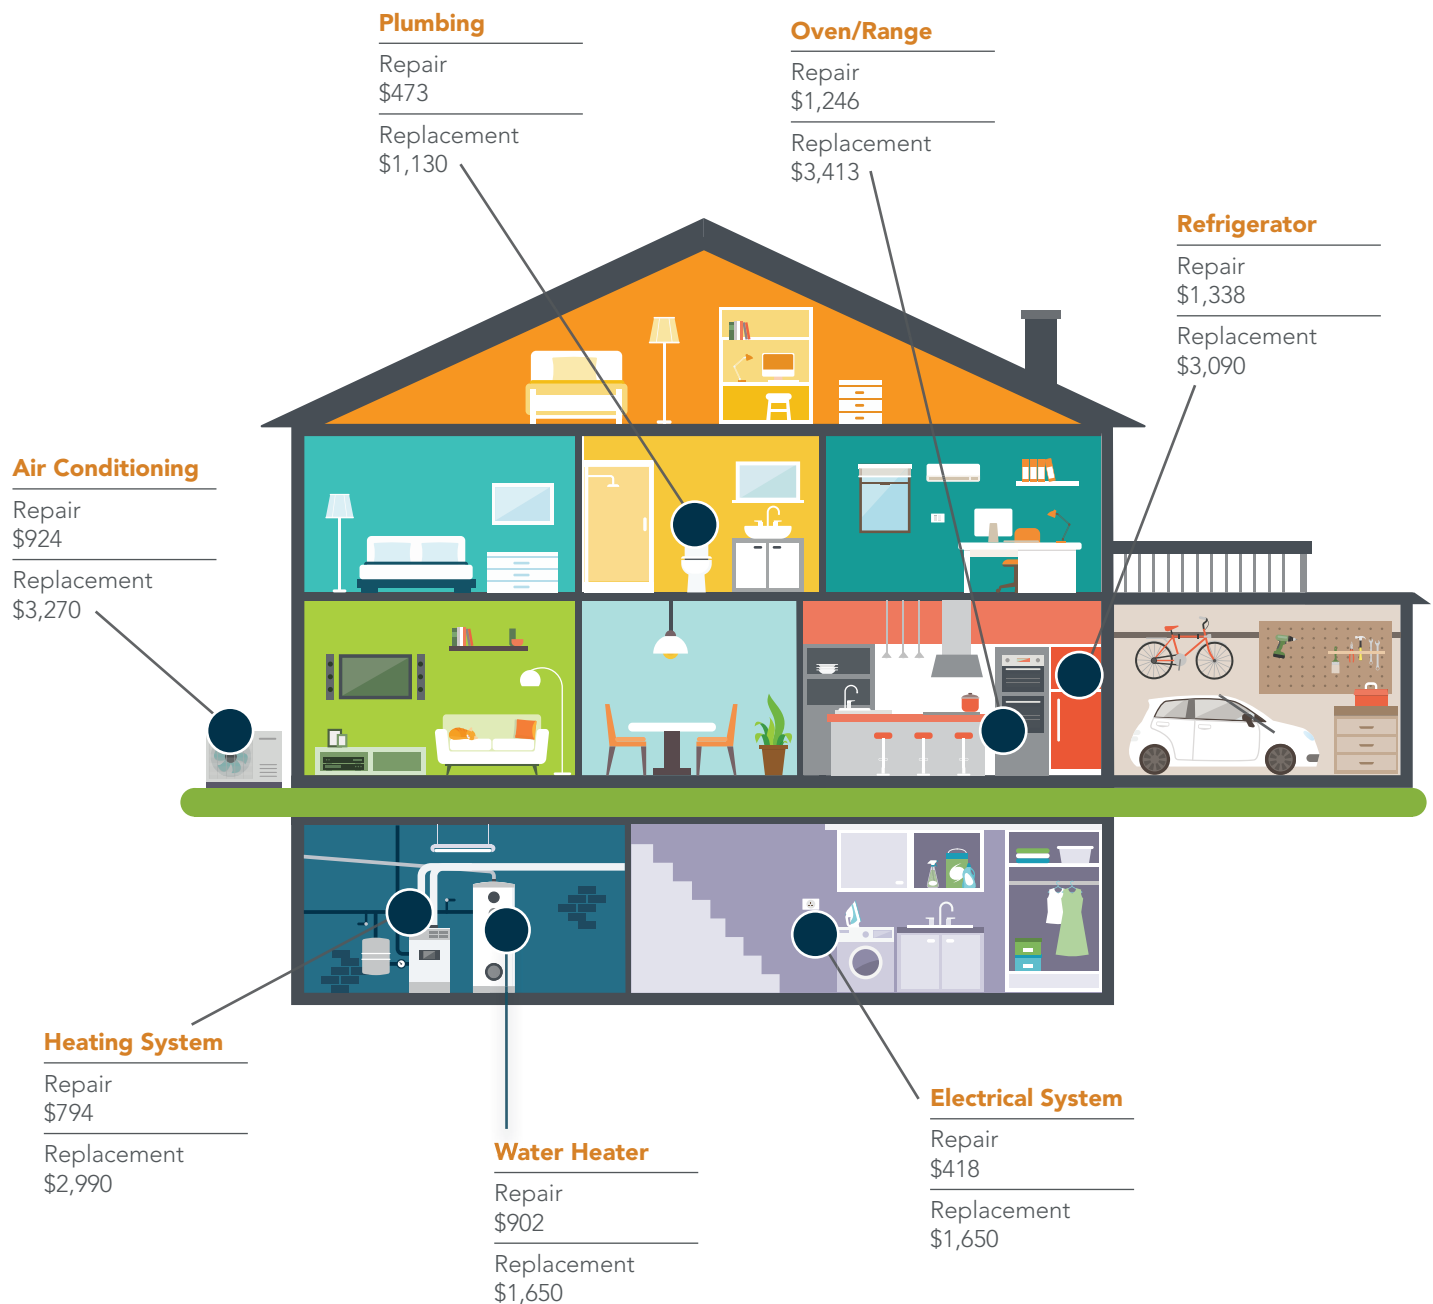

5

Why choose First American? First American is a leading provider of home warranties with the experience and strength of an industry leader. For over 35 years, First American has provided quality protection for homeowners across the nation, through more than 10 million home warranties.

*In some instances, Homeowner and First American may agree to payment of cash in lieu of repair or replacement. Payment will be made based on First American's negotiated rates with its suppliers, which may be less than retail. Please review the sample contract for specific coverage, terms and limitations.

Repair and replacement costs without a home warranty

If you don't have the protection of a First American home warranty, this is what home system and appliance breakdowns can cost:**

**Based on actual invoices paid by First American in 2019 prior to service fees, deductions and/or rebates; costs may vary in your geographic region. Items listed may be optional or not available on some plans; please review the sample contract for specific coverage, terms and limitations.

If we can't repair it, we'll replace it

When your covered systems and appliances fail—if we can't repair them, we will replace them.* Many of our customers place multiple calls each year and save hundreds to thousands of dollars in repair and replacement bills. Last year, nearly two-thirds of our customers filed at least one claim—and many filed more than one.

Sometimes You Need More Options

Our basic plan provides excellent coverage for your core home systems and appliances. Our upgrades and options allow you to customize your home warranty coverage to fit your needs.

First Class Upgrade

Extend your protection for many covered systems by adding coverage for building permits, upgrades required by building codes, recapture and removal of refrigerant, and disposal of appliances, systems or components we replace. See page 10 for details.

First Class Plus NEW

This great new addition to the First Class Upgrade provides an added allowance for correcting code violations and making modifications when repairing or replacing covered items. It also increases coverage for glycol and oil furnaces. See page 11 for details.

Plumbing Plus NEW

Repairing leaks or breaks to water, drain, or gas plumbing can be expensive when the pipes are encased in concrete, or outside the home's foundation. Extend protection to cover these issues, as well as coverage for water heater expansion tanks, the installation of ground-level cleanouts, and clearing of stoppages caused by roots. See page 11 for details.

HVAC Tune-up

Pre-season tune-ups for your home's heating and cooling systems are a breeze with this option. You can schedule tune-ups twice a year to help these systems run efficiently to keep your heating and cooling costs down. See page 11 for details.

Two-Year Plan

Purchase two years of coverage and save on your second year!

How the Home Warranty Service Process Works

A new home can be rewarding and it can also be challenging when an appliance or home system isn't working. With a home warranty from First American, you have an easy solution when a covered item breaks.

1. Request Service

You can request service online or by phone 24/7:

- Sign in at firstamrealestate.com to place your request online.
- Call 800.992.3400. Make sure we have your current email address so we can send you updates about your service request.

Service call fee is due at time of claim placement.

We'll assign a service provider, who will call you to schedule an appointment. If we have your email address we'll also email you the contractor's name and information.

2. Problem Diagnosis

- At the appointment, the technician will diagnose the problem, and if needed, report their findings to us.
- Once we confirm that the problem is covered by your contract, we will approve the repair, and the technician will proceed with fixing the problem.

3. Repair or Replacement

- If the problem can be fixed, often the technician will be able to repair the item that day.
- If your covered item cannot be repaired, we will replace it with an item with similar features, efficiency, and capacity.*

4. If Parts Are Needed

If the contractor doesn't have parts that are needed to complete the repair, we'll do our best to get them as quickly as possible. Usually, parts are easy to acquire, however, sometimes there are delays in securing parts or equipment.

The contractor will set up an appointment to complete the repair once the parts have been secured. There is no additional service fee charge to complete the repair.

*In some instances, you may be offered cash in lieu of repair or replacement. Payment will be made based on First American's negotiated rates with its suppliers, which may be less than retail. Repair or replacement of ice makers, ice crusher, beverage dispensers, and their respective equipment will only be completed when parts are available.

Top Service Process FAQs

1. What is a service fee?

A fee that you will pay each time you place a new service request.

2. Is it safe to assume there are no costs other than the service fee when a covered item breaks down?

Unfortunately, no. A home warranty covers only items listed as covered and excludes all others. For instance, costs could arise for the homeowner from modifications or code upgrades when a system or appliance is replaced.

3. How quickly are claims handled?

The contractor typically receives the service request within four hours during regular business hours. Normally, the services will be initiated by the technician within 48 hours after the request is made. Simple repairs are usually made on the first visit. If items must be ordered an additional visit(s) may be needed to complete the repair or replacement.

4. What is an emergency repair and how are these claims handled?

First American considers it an emergency when the failure of a covered item renders the home uninhabitable; in these circumstances, First American will make all reasonable efforts to expedite emergency service.

Contract is for owned or rented residential property, not for commercial property or premises converted into a business, including but not limited to, nursing/care homes, fraternity/sorority houses or day care centers.
9. Company will determine, at its sole discretion, whether a covered system or appliance will be repaired or replaced. When replacing any appliance, Company will not pay for any failures that do not contribute to the appliance's primary function including, without limitation, TVs or radios built into the kitchen refrigerator. Company will replace with equipment of similar features, efficiency and capacity but is not responsible for matching brand, dimensions or color. Company may install a smaller capacity unit, including but not limited to water heaters and furnaces, if the projected output of the replacement unit is similar to, or greater than, the replaced existing unit. Company reserves the right to replace with a rebuilt component or part or repair systems and appliances with non-original manufacturer's parts.
10. Company may obtain a second opinion.
11. Company is not responsible for repairs arising from manufacturer's recall of covered Items, manufacturer's defects or for Items covered under an existing manufacturer's, distributor's or in-home warranty. The covered Items must be domestic

or commercial grade and specified by the manufacturer for residential use.

12. Company is not responsible for repair or replacement of any system, appliance, component or part thereof that has previously, or is subsequently, determined to be defective by the Consumer Product Safety Commission or the manufacturer, and for which either entity has issued, or issues a warning or recall, or when a failure is caused by manufacturer's improper design, use of improper materials, formula, manufacturing process or manufacturing defect.
13. This Contract does not cover routine maintenance.
14. Contract holder and Company may agree on payment of cash in lieu of repair or replacement. Payment is made based on Company's negotiated rates with its suppliers, which may be less than retail.

CUSTOMER SERVICE

1. Telephone service is available at all times. During normal working hours your call will be dispatched within 4 hours of confirmation of coverage. The services contracted for will be initiated under normal circumstances by the Contractor within 48 hours after request is made by the Contract holder. Contract holder's telephone call to Company describing the problem is considered sufficient notice. Company will commence diagnosis without first requiring the completion of a written claim form or other such form of proof of loss. When your coverage is confirmed, Company will dispatch your call to a qualified Contractor. The Contractor will call you to schedule a mutually convenient appointment time; additional efforts are made in emergency situations. If you should request Company to perform non-emergency service outside of normal business hours, you will be responsible for payment of additional fees, including overtime charges.
2. Contract holder pays the \$85 service call fee for each separate trade call. Trade call means each visit by an approved Contractor, unless multiple visits are required to remedy the same problem. Persons dispatched for trade calls are independent contractors, not agents or employees of the Company. Company warrants Contractor's work for 30 days. If the Item fails outside this time period, an additional service call fee will be charged. Failure to pay the service call fee may delay processing of future claims.
3. Sometimes Company may not be able to locate a contractor to service your claim and may request that you contact an independent licensed contractor. Covered repairs or replacements will be authorized if the work can be completed at an agreed upon rate. If your contractor does not bill Company directly you will be reimbursed the authorized amount upon receipt of a paid invoice.
4. Sometimes there are problems and delays in securing parts or equipment. When the Items are secured, they are installed promptly without any further service charge.

If your covered property is sold during the term of this Contract, you have the right to assign this Contract provided that you notify Company of the change in ownership and must submit the name of the new owner by phoning (800) 444-9030 to transfer coverage.

RESOLUTION OF DISPUTES

This provision constitutes an agreement to arbitrate disputes on an individual basis. Any party may bring an individual action in small claims court instead of pursuing arbitration.

All disputes and claims arising out of or relating to the Contract must be resolved by binding arbitration. This agreement to arbitrate includes, but is not limited to, all disputes and claims between Company and the Homeowner, Company and the Seller, and claims that arose prior to purchase of the Contract. This agreement to arbitrate applies to Company, Homeowner and Seller, and their respective parent and subsidiary companies, affiliates, agents, employees, predecessors and successors in interest, assigns, heirs, spouses, and children. **As noted above, a party may elect to bring an individual action in small claims court instead of arbitration, so long as the dispute falls within the jurisdictional requirements of small claims court and remains in that court.**

Any arbitration must take place on an individual basis, and Company, the Homeowner and the Seller agree that they are waiving any right to a jury trial and to bring or participate in a class, representative, or private attorney general action, and further agree that the arbitrator lacks the power to consider claims for injunctive or declaratory relief, or to grant relief affecting anyone other than the individual claimant. If a court decides that any of the provisions of this paragraph are invalid or unenforceable as to a particular claim or request for a particular remedy (such as a request for public injunctive relief), then that claim or request for that remedy must be brought in court and all other claims and requests for remedies must be arbitrated in accordance with this agreement.

The arbitration is governed by the Consumer Arbitration Rules (the "AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Agreement, and will be administered by the AAA. Company will pay all AAA filing, administration and arbitrator fees for any arbitration it initiates and for any arbitration initiated by another party for which the value of the claims is \$75,000 or less, unless an arbitrator determines that the claims have been brought in bad faith or for an improper purpose, in which case the payment of AAA fees will be governed by the AAA Rules.

The arbitration will take place in the same county in which the property covered by the Home Warranty Contract is located. The Federal Arbitration Act will govern the interpretation, applicability and enforcement of this arbitration agreement. This arbitration agreement will survive the termination of this Warranty Contract.

AGREEMENT

This Agreement constitutes the entire agreement between the Parties and supersedes all prior and contemporaneous agreements and understandings of the Parties. No modifications to this Agreement are effective unless in writing and signed by both Parties.
